

MC&MCA 2019 EXCELLENCE AWARDS OUTSTANDING USAGE OF POURED-IN-PLACE CONCRETE ENTRY GUIDELINES

Submission Deadline: August 31, 2018

To encourage and promote the use of poured-in-place concrete as a versatile and durable building product, the Minnesota Concrete & Masonry Contractors Association (MC&MCA) announces the 38th Annual Excellence Awards Contest for concrete projects completed before August 31, 2018. Through this program, the MC&MCA seeks to honor works of distinction by its members and to bring public attention to outstanding projects constructed of concrete.

PROJECT QUALIFICATIONS/ELIGIBILITY:

- All entries shall be completed projects of which the concrete has been placed by members of MC&MCA.
- The projects must be located in Minnesota and must be completed (presentable for judging) before August 31, 2018.
- Projects that have won awards in other contests are eligible for submission.
- Past winning projects in this program may not be resubmitted.
- Any other previous entries may be reentered, provided the project was completed in the last 3 years.

ENTRY REQUIREMENTS:

- Entries will be accepted from August 1 through August 31, 2018 at www.mcmca.com.
- Each contractor member may submit up to two projects per category.
- Entries require full address of the project site and specific information for the part of the project to be judged, if it is not the entire project.
- A detailed project description must be submitted which describes the area to be judged and the features of excellence for the judges' consideration (aesthetic value, unique structural/mechanical features or highlights, hurdles faced in project, innovation of project). Be sure to include specifics of project such as types of materials used, square footage, and material suppliers.

PHOTOGRAPH REQUIREMENTS:

All entries must include two or more digital photographs of the project submitted with the application. If photos are not submitted, entry will be disqualified. Photos must highlight the area of work to be judged and reflect and address the judging criteria being used. Including before and/or in-progress photos on poured concrete projects is highly recommended. Please follow the submission instructions outlined below. Photographs may be displayed at the Awards Banquet and in other MC&MCA initiatives.

CLASSIFICATIONS

- Two entries are needed in each classification to establish a category. The Excellence Awards Committee reserves the right to combine or subdivide categories based on the number of entries submitted.
- **Metro:** Please note that all projects located in Minnesota and within a 75 mile radius of 694 and 35W will be judged in person and considered in the categories listed below.
- **Greater Minnesota:** Entries outside of the 75 mile radius will be judged by photos submitted with the application. The photos should highlight the area of work to be judged and capture features that address the judging criteria. These projects will be judged by the same team of two judges that judge the other entries in that category.

CATEGORIES

C1 Concrete Residential Decorative

Single or multi-family, exposed aggregate, colored, patterned, poured walls, driveways, sidewalks, patios, tennis courts, swimming pools

C2 Concrete Commercial Innovative & Decorative

Projects including concrete or terrazzo requiring innovation and offering unique design techniques

C3 Concrete Commercial Functional & Industrial

Parking lots, ramps, wastewater treatment plants, highway heavy/bridges

C4 Concrete Commercial Structural

Unfinished or finished/formed-in-place arenas, structural concrete buildings, post tension buildings, pan deck & joist (this category must have progress photos in order to be judged)

JUDGING

Judging will be done by a team of architects selected by the Excellence Awards Committee. Judging will include a site visit (metro area) or a photo review (Greater MN projects) to evaluate the uniqueness and usage of the poured-in-place concrete on the project. Specific judging criteria are:

Craftsmanship:

- Edges should be flush and sealed
- No porous areas
- Straight control joints
- Architectural finishes are consistent throughout

Concrete Difficulty:

- Access to project
- Enduring conditions (traffic, weather conditions)

Design:

- Choice of materials
- Innovation
- Ability/quality in trying to match or reproduce features

SECURITY CLEARANCE

If security clearance is required for judging, specific contact information must be supplied on the entry submission. The project will be eliminated if entry is refused.

AWARDS

The winning project in each category will be announced and awarded at the 2019 MC&MCA Awards Banquet on Saturday, February 16, 2019.

CONTEST SCHEDULE

Friday, August 31, 2018 - Submission entry deadline

Tuesday, September 18, 2018 - Judging of Projects

Saturday, February 16, 2019 - Presentation of Awards at Annual MC&MCA Awards Banquet

SUBMISSION INSTRUCTIONS

Projects can be submitted online using the following URL:
